- *own bus shuttle to the festival area from the day visitors parking with fast lane*

What's Airbeat One?!

The Airbeat One Festival is one of the oldest festivals in Germany. With a big annual growth, we did welcome 180.000 festivalfans from all over the world for 3 days to our beautiful festival inside the heart of northern Germany.

Since 2001 Airbeat One takes place at the still active Airfield in Neustadt Glewe.

Our „local heroes“ and the most popular artists worldwide meet here, to play their music on our 7 lovely designed stages.

From EDM to Trance, Techno and Hardstyle you'll find the a stage with the music, that fits your likings.
